**Anyone who is a member of a working civic club** is a cut above the regular citizen in any community. I know I harpoon a few members of the Rotary club on occasion but please know that it is returned to me doubled and we are all having some fun—but the reason that I am reminding you of this is that we need to keep on looking for new members. With today's demands on our time, it's hard to find time to do our duties. There are a lot of people out there who just need to be asked to come and dine with us and be recruited to become members. A fertile place to look is former members who have dropped out for some reason or the other. Let's keep the campaign going the year round to get new members.
